The issue will feature personal essays, simple recipes, uplifting photo essays and portraits of people living the good life. It also offers inspiration to do some indoor sparring; Professor Deane Curtin talking about eating in the moment; sculptures that show the way our bodies change when chilled; a visit to a hot spring; home tours in Copenhagen and Melbourne; a profile of a changing neighborhood in South East London; and something to inspire you while commuting. **Kinfolk Volume 11**-Various 2014-03-04 THE HOME ISSUE The spring 2014 edition of Kinfolk explores the meaning of home, what it looks like, how different people arrange them and the qualities that the best ones share. Whether you live with your best friend, partner, strangers or a lazy hound, your concept of home will change with every coat of paint. It's what (and who) you fill it with that counts. If you're trying to cultivate a new abode or invigorate your old one, the Home Issue will encourage you to think in new ways about the space where you spend much of your life. The team has cast a wide net across its creative community to photograph some amazing homes and offer casual, comfortable entertaining ideas for our readers that will be relatable, no matter what kind of tiny box they might be living in. This issue will feature the usual mix of photo essays, reflective essays, simple recipes, illustrated guides and lifestyle tips. **Kinfolk Volume 12**-Various 2014-06-03 The Saltwater Issue: Kinfolk's Summer 2014 edition will explore the world's oldest and most used seasoning while also looking at it—and us—in its natural habitat: the sea. Instead of the stereotypical nostalgic summer issue full of things we've covered already (swimming, surfing, hammocks, etc.), this issue will focus not only on our salty theme but also on encouraging people to get outside and be spontaneous in the warm weather. Sunlit, euphoric photo essays will be accompanied by salty commentary and social history: Think of it as a summer issue with a seasoning of culture. We'd love for our readers to walk—or swim—away from this issue with a few of things on their minds: to take themselves less seriously, to not be afraid to try something new, to flow with the tides (or to push against them at the right moment) and, most importantly, to build a sandcastle and have some fun. This issue's double-barreled concept will provide the readers both with a carefree outlook and a solid backbone of research, food culture and dinner-table conversation. Care to put your toes in? The saltwater's warm.

**Kinfolk 32**-Kinfolk 2019-06-11 Issue Thirty-Two In Haruki Murakami's breakthrough novel, *Norwegian Wood*, the young lovers spend days tramping the streets of 1960s-era Tokyo. The landscape unfurls boundlessly before them: 'we kept walking...climbing hills, crossing rivers, and railway lines, just walking and walking with no destination in mind,' Toru recalls. It's a romantic vision of a city that, today, can feel impenetrable to the outsider. Building on the unparalleled popularity of our Japan Issue, Kinfolk is spending summer in the Japanese capital for Issue Thirty-Two. Anchored by an extensive city guide of her best places to eat, sleep, shop and read selected by the Kinfolk team, the Tokyo Issue will contain interviews with leading cultural figures, a local fashion editorial and an original essay by Moeke Fuji. Elsewhere, we spend a day with Danish musician Coco O, meet some fashionable cats, and—for summer—explore air-conditioning, showers and suitcases, before setting off to sail the southern Mediterranean sea in our fashion editorial.

**The Kinfolk Table**-Nathan Williams 2013-10-15 Kinfolk magazine—launched to great acclaim and instant buzz in 2011—is a quarterly journal about understated, unfussy entertaining. The journal has captured the imagination of readers nationwide, with content and an aesthetic that reflect a desire to go back to simpler times; to take a break from our busy lives; to build a community around a shared sensibility; and to foster the endless and energizing magic that results from sharing a meal with good friends. Now there's *The Kinfolk Table*, a cookbook from the creators of the magazine, with profiles of 45 tastemakers who are cooking and entertaining in a way that is beautiful, uncomplicated, and inexpensive. Each of these home cooks—artists, bloggers, chefs, writers, bakers, crafters—has provided one to three of the recipes they most love to share with others, whether they be simple breakfasts for two, one-pot dinners for six, or a perfectly composed sandwich for a solo picnic.

**Kindling 01**-Kinfolk Kinfolk 2021-06-08 A new magazine for people with children, from the team behind Kinfolk. *Kindling* is a place to explore the new ideas and fresh perspectives that come with being a parent. It's non-judgmental, unfussy and made to be enjoyed by anyone currently raising a child under the age of ten. We're interested in exploring the big ideas around parenthood, not what your child should be having for dinner or wearing at the weekend. Compact and colorful, the magazine is designed to be kept and treasured—whether on a coffee table or a child's bookshelf. Inside *The Emotions Issue*, you'll find an interview with the professor of psychology who advised on Pixar's *Inside Out*, a workbook geared towards helping your child talk about their feelings, and a photo essay in which fruits and vegetables bring common idioms to life. Just ask yourself: What would it really look like to be "cool as a cucumber"? *Kindling* is also packed with features and columns that answer questions including: What's it like to spend four years traveling with your parents? What can the Gruffalo teach us about fatherhood? And how should you answer a child if they blindsided you with a tough question like "Why do people die"? Designed to be read by adults but shared with children, *Kindling* is brought to life through the playful drawings of Norwegian illustrator Espen Friberg, and contains an activity section packed with suggestions for fun, free and (occasionally) educational games that parents and children can enjoy together.

Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*.

Equal parts recipe journal and photo album, Near & Far focuses on dishes inspired by Heidi Swanson's Northern California kitchen and her many international travels to diverse cities including Marrakech, Tokyo, Paris, Jaipur, Rome, Kyoto, Palermo, New Delhi, and more. In this deeply personal collection, Heidi turns to the series of dog-eared recipe journals she has kept for years—each filled with newspaper clippings, magazine scraps, photos, stamps, receipts, and sticky notes to chronicle details she wants to remember: a paprika-spiked tomato soup in Amsterdam, the pattern of an ancient Italian olive grove she passed on the way to the Bari airport, and the precise way an elderly Vietnamese woman carefully sliced broccoli stems in the back of a grocery in New Zealand. Vegetarian recipes such as Carrot and Sake Salad, Fennel Frond Orzo, Rye Buttermilk Cakes, Harissa Farro, Fresh Ginger Citrus Juice, and Brown Butter Tortelli make use of the healthy, whole foods ingredients and approachable techniques that Heidi's sizable fanbase has come to expect. And photographs taken on location around the world—as well as back home in Heidi's kitchen—reveal the places that inspire her warm and nourishing cooking.

**Kinfolk 34**-Kinfolk 2019-12-10 Intimacy is what distinguishes those who are dear to us from those who are simply near. This issue of Kinfolk explores the balance between our contradictory cravings for both secure and stable relationships and the freedom to follow our hearts, our sexual desires, and our need to be whole without the help of another. We take psychotherapist Esther Perel as our lodestar. It's a role she's played for the clients at her New York practice and for millions of others through her books and the podcast *Where Should We Begin*, which offers the chance to listen in on anonymous couples during therapy sessions. Perel's approach has always been to challenge the fundamental contradictions in how we think about romantic intimacy: Is it really feasible to expect one person to fulfill our every need—for the rest of our life? In Issue Thirty-Four, we experience the thrill of people and places spilling their secrets. Amaryllis Fox—an ex-CIA spy who spent her 20s negotiating in some of the world's most dangerous conflict zones—cracks open the mysteries of the Clandestine Service, and what they've taught her about peace. We also present the result of our own months-long international operation: To gain access to an art deco royal palace in Gujarat, India. As the nights close in, our contributors look beyond this world and into other more mysterious ones: They mull over the popularity of horoscopes and what to eat at funerals. Elsewhere, a photo essay by Gustav Almestål explores the solitary indulgence of comfort foods, so tied to our most intimate of spaces—our homes—and so appealing during break ups.

**Olav Audunssøn**-Sigrid Undset 2021-10-05 The second volume in the Nobel Prize-winning writer's epic of medieval Norway, finely capturing Undset's fluid, natural style in a new English translation, the first in nearly a century As Norway moves into the fourteenth century, the kingdom continues to be racked by political turmoil and bloody family vendettas that serve as the backdrop for Sigrid Undset's masterful story about Olav Audunssøn and Ingunn Steinfinnsdatter. Betrothed as children and raised as foster siblings, their unbridled love for each other sets in motion a series of dire events—with a legacy of betrayal, murder, and disgrace that will echo for generations. In Providence, the second of Olav Audunssøn's four volumes, Olav settles in at his ancestral estate of Hestviken and soon brings Ingunn home as his wife. Both hope to put their troubles behind them as they start a new life together, but the crimes and shameful secrets of the

past have a long reach and a tenacious hold. The consequences of sin, suspicion, and familial obligations may prove a greater threat to the pair's happiness than even their long years of separation. Set in a time when royalty and religion vie for power, and bloodlines and loyalties are effectively law, Providence summons a powerful picture of Northern life in the medieval era, as the Swedish Academy noted in awarding Undset the Nobel Prize. Conveying both the intimate drama of Olav and Ingunn's marriage and the epic sweep of their story, it is at once a moving and vivid recreation of a vanished world tainted by bloodshed and haunted by sin and retribution. As with her classic *Kristin Lavransdatter*, Sigrid Undset immersed herself in legal, religious, and historical writings to create in Olav Audunsson an astoundingly authentic and compelling portrait of Norwegian life in the Middle Ages. And as in her translation of *Kristin Lavransdatter*, Tiina Nunnally does full justice to Undset's fluid prose. Undset's writing style is by turns straightforward and delicately lyrical, conveying the natural world, the complex culture, and the fraught emotional territory against which Olav's story inexorably unfolds.

**Kinfolk Volume Five**-Contributors Various 2012-10-02

**Kinfolk 31**-Kinfolk 2019-03-12 Issue Thirty-One The spring issue of Kinfolk builds on our foundational interest in design to consider the discipline in its most ambitious manifestation: architecture. Mid-century architect and furniture designer Charlotte Perriand, whose archives we delve into in this issue, once wrote: "The extension of the art of dwelling is the art of living." We interrogate this close relationship between external surroundings and interior wellbeing and meet the architects chipping away at the partition wall between the two. Buildings affect the mood and behavior of their inhabitants. Equally, the things we build—or wish to build—reflect our own state of mind; blueprints of the ways in which we hope to reinvent the world. This issue of Kinfolk will pay homage to the architects with dreams too big for city planners to swallow—from an investigation into the history of utopian design to a photo essay about the most visionary projects that have been demolished, or simply never-built, over the last century. We also interview those who have bridged the divide and made their strangest whims a reality: like Asif Khan, whose belief in a future where architecture is "light, intelligent and simple" inspired him to build with bubbles. Elsewhere in the issue, we meet Sharon Van Etten, who talks about why she chose to study psychology while writing her new album, and we spend a day in the studio with Kyle Abraham—the choreographer making history at the New York City Ballet. As the weather turns warmer, our thoughts follow; this issue's essays find our writers lingering on balconies, musing on the impossibility of "turning over a new leaf" and biting down on the juicy history of the peach.

**The Kinfolk Garden**-John Burns 2020-10-27 "In this gorgeous, aspirational work, Burns, editor-in-chief of Kinfolk magazine, collects 'stories about nature as nourishment' along with photographs from homes across the globe to inspire people to bring more nature into their own abodes. . . . Expertly evoking a mood of understated luxury, this stunning spread will have design junkies drooling." —Publishers Weekly A gardener with a secret oasis on a Parisian rooftop. An artist making faux flowers to brighten Manhattan apartments. A family of ranchers rewilding the American outback. Anchored around the idea of nature as nourishment, *The Kinfolk Garden* explores lush gardens and plantfilled homes around the world and introduces the inspiring people who coax them into bloom. Through visits to friends old and new, the Kinfolk team learns the secrets to a good garden, and what good a garden can do for our self-care, creativity and communities. Though many of the people we meet along the way champion the idea of following natural instincts rather than a set of prescriptive garden rules, there are practical tips throughout the book that offer advice on everything from growing your own produce to foraging for artful arrangements to simply keeping your houseplants alive a little longer than usual. *The Kinfolk Garden* is an invitation to engage with nature—to care for it, create with its beauty and cultivate new relationships around it—and offers inspiration and guidance to anyone looking to bring a little more greenery into their life.
